PROFILE

I am looking for .an entry-level position to kickstart my career in the IT Field. I wish to work in a dynamic organization that will contribute to my professional and personal growth while I contribute to growth of the company as well as engage in opportunities to further the company's goals.

PROJECTS

MECA PLUS

- The "Meca Plus" is a andriod application which is used to order tablets for urgent purpose from near by pharmacy. In this application we add our current location and the application will show the near by pharmacy, from that we just upload our tablet prescription in it,then the Pharmacy will see that and delivery those medicines through the delivery boy as soon as possible.
